## EPWORTH LEAGUE TO GIVE CONCERT

Miss Esther Macomber to Appear At St. Paul's Chapel, Assisted By Knickerbocker Quartette.

Young Lady Comes Well Recommended and Entertainment Promises to Be One of the Best Held In South City.

The Epworth League May concert will be given next Thursday evening, May 16, at 8 o'clock, in St. Paul's Chapel.

Miss Esther Macomber, the talented daughter of Chaplain Macomber, U. S. A. (retired), assisted by the South City Knickerbocker Quartette, will furnish the entertainment.

Miss Macomber graduated from the Greeley School of Elocution and Dramatic Art of Boston, after having received her diploma from the California School of Elocution and Oratory. At the present time she is at the head of the Department of Elocution at the University of the Pacific and is also physical instructor of the girls in the same institution.

Miss Macomber has appeared before enthusiastic San Francisco audiences probably scores of times. General Secretary H. J. McCoy says of Miss Macomber: "She is an elocutionist of marked ability. She has appeared before the San Francisco Y. M. C. A. several times, always with great acceptance. I take pleasure in recommending and commending her, knowing that she will give perfect satisfaction, for she stands high in her profession."

The Minneapolis Times, writing of her concert in that city, says: "Esther Macomber, of San Francisco, gave a recital here on Friday evening before a very appreciative audience. She has a pleasing manner and is an elocutionist of rare talent and ability, moving her audience to tears or laughter at will."

Miss Macomber will appear in a variety of work, the humorous predominating. The Quartette will present selections of a humorous order.

A delightful social hour will follow, when persons may become acquainted and at which time delicious refreshments will be served by the young people. There will be no advance sale of tickets for this entertainment. Popular prices will again prevail. The program follows:

## INTEREST GROWS IN TEACHERS' CONTEST

El Carmelo Hotel at Pacific Grove an Ideal Place to Spend Summer Vacation

Only a few more weeks remain before the closing of the voting contest for the most popular teacher in San Mateo County. The prize is well worth the winning and any teacher in the county would consider it an honor to be sent there by her pupils.

Pacific Grove is situated in the most picturesque region of the Bay of Monterey and adjacent to the historic town of Monterey and the famous Hotel del Monte.

The climate is all that can be desired, ranging about 60 degrees in summer, furnishing a refreshing relief from the heat of the interior. It has as well the most equable winter climate on the Pacific Coast. All sanitary conditions are perfect.

An elegant new bathing pavilion will be completed by the opening of the season and will provide every facility for surf and indoor bathing. The plunge will be one of the finest in the State, and the rooms for out-door bathing will be at the water's edge on a finely sheltered beach.

Ord Barracks, the United States military camp, which is within walking distance, is now fully equipped and the concerts, drill mounts and other features of soldier life are open to all visitors. A modern electric road runs from Pacific Grove to all points of interest inland about Monterey and has its terminal on the grounds of Hotel del Monte.

Remember the prize—A week's vacation at the El Carmelo Hotel, Pacific Grove, for the two most popular teachers in San Mateo county.

Following is the standing of the teachers, Thursday evening:

## SANDS HOME IS DAMAGED BY FIRE

Alarm Is Turned In and Citizens Do Good Work In Saving the Building.

Mrs. Neugebauer Faints and Is Cared For at Plymire Hospital.

The need of a well-organized fire department in this place was demonstrated this morning when a fire broke out in the home of A. Sands, just adjoining the school house. Although splendid work was done by two or three citizens and the house saved after the roof had burned off, much more efficient work would have been done had there been one head instead of every man for himself.

After reaching the fire much delay was experienced by one or two declaring that he was "boss" and wanting to take full charge of something he knew nothing about. This did not last long, however, for the willing workers soon took charge and the fire was soon under control, while the would-be "bosses" took to the high timber.

The fire started from some unknown cause and before it was discovered the whole roof was in flames.

Mrs. A. Neugebauer, who was sick in the adjoining house, attempted to leave her home, but fainted on the doorstep. She was taken to the Plymire Hospital, where she is now resting easily.

The house belongs to W. J. Martin. The loss is covered by insurance.

### GOVERNMENT WANTS ISLAND.

Isthmian Canal Commission Need the Island of Naos, in Panama Bay.

Washington, May 10.—The Isthmian Canal Commission has ordered the appointment of a Naval Board of Appraisal to ascertain the value of improvements made by the Pacific Mail Steamship Company on the Island of Naos, Bay of Panama, and the question of the Government's purchasing these improvements will be taken up later by Secretary Taft. The report has been discussed with Manager Schwerin of the steamship company. The controversy is over the title to the islands, and there appears to be no difficulty in reaching a settlement. The island is not needed by the Government until the canal is completed, and there is a disposition to let the steamship company continue to use it until other satisfactory arrangements can be made. When the canal is in operation the land will be needed as a quarantine and immigration station.

## RAID IS MADE ON VAGRANTS

Officers Declare that All Those without Visible Means of Support must Keep Moving in First Township.

A general cleanup of vagrants is now being carried on in this township by Railroad Detective Pete Kelley assisted by Deputy Sheriff Emil Daneri and State Policeman Harry Switzer. The cleanup has been thorough and some eight or ten vagrants have been sent to the county jail during the past week to serve terms from ten to twenty days.

The first raid was made at Tanforan where some seven vagrants were caught and sentenced to the county jail. As Daneri and Henry Kneese were taking the prisoners to Redwood one of the number attempted to escape and it was only after a race of several hundred yards that Daneri succeeded in overpowering him.

## WILL OBSERVE MEMORIAL DAY

G. A. R. Will Hold Patriotic, Religious Service on Sunday Preceding Decoration Day.

For the first time in the history of this town memorial services will be held on the Sunday preceding Memorial Day. The services will be of a patriotic nature and will be held at the usual hour for evening services, on Sunday evening, May 26.

The services will be conducted by Rev. Robert Craig, pastor of the Church. There will be music, patriotic songs and hymns.

The general public is cordially invited to be present. A special invitation is extended to veterans of the Civil War—Union and Confederate—the blue and the gray, also to soldiers of the Spanish War and to sons and daughters of veterans.

### Secure Your Dog Tags.

The City Clerk has received a supply of dog tags for the current year, and parties may secure the same by applying at his office. The Poundmaster will commence the work of impounding all unlicensed dogs at once.—San Mateo Leader.

South City should also put a Poundmaster in the field to take up a few of the stray dogs. If a license were paid for every dog in this town just think what a revenue would be derived from that source.

Wanted—Clamp kiln setters and burners. Apply at office of Alexander Brick and Terra Cotta Company, South San Francisco.

## CHILDREN MEET AT COYOTE POINT

The Members of Grace Sunday School Enjoy Picnic On the Bay Near San Mateo.

Boys Take to the Water Like Ducks and Are Later Followed By Many of the Girls.

Friday of last week, when the gale was blowing so hard, the hearts of some of the South City children were filled with misgivings, for the next day was to be one of the red letter days of the Sunday School year. Should the rough weather continue it would spoil a picnic and incidentally the happiness of the members of Grace Sunday School. But Boreas obligingly crept back into his cave in the north and Saturday last dawned a perfect day, all the more beautiful because of the disagreeable day preceding.

By 9:30 A. M. the Sunday School had gathered and were off by electric car for Coyote Point. Owing to the distance of the destination from home many could not attend, but the party grew in numbers and merriment as it progressed. At Peninsular Avenue a San Mateo 'bus met the party and carried it over to the Point. Before the 'bus could turn around and be discharged of its burden of lunches the boys were out of their shoes and stockings and in the water. The girls followed the example of the boys with more dignity and caution.

Wading proved to be the most exciting sport of the day, save when the children ventured into the woods, where the mosquitoes invariably proved themselves victorious. There was fun in every direction. It is truly marvelous the fun that may be had out of a rubber ball and bristling crabs.

Dinner was provided for thrice the number present, each contributing to the royal gorge. By 3 o'clock every one had played so hard that they were content to climb into the 'bus for the return trip, which was completed with-hitch or mishap to mar the enjoyment or memory of the day.

Those attending were: Mrs. Frost, Mrs. Harder, Mrs. Karbe, Dora Harder, Gertrude Karbe, Agnes Karbe, Annie Abing, Alma Abing, Sophie Abing, Florence Robinson, Edna Kellogg, Walter Money, Roy Kellogg, Leo Kellogg, LeRoy Mason, Herman Karbe and Rev. Arthur Dodd.

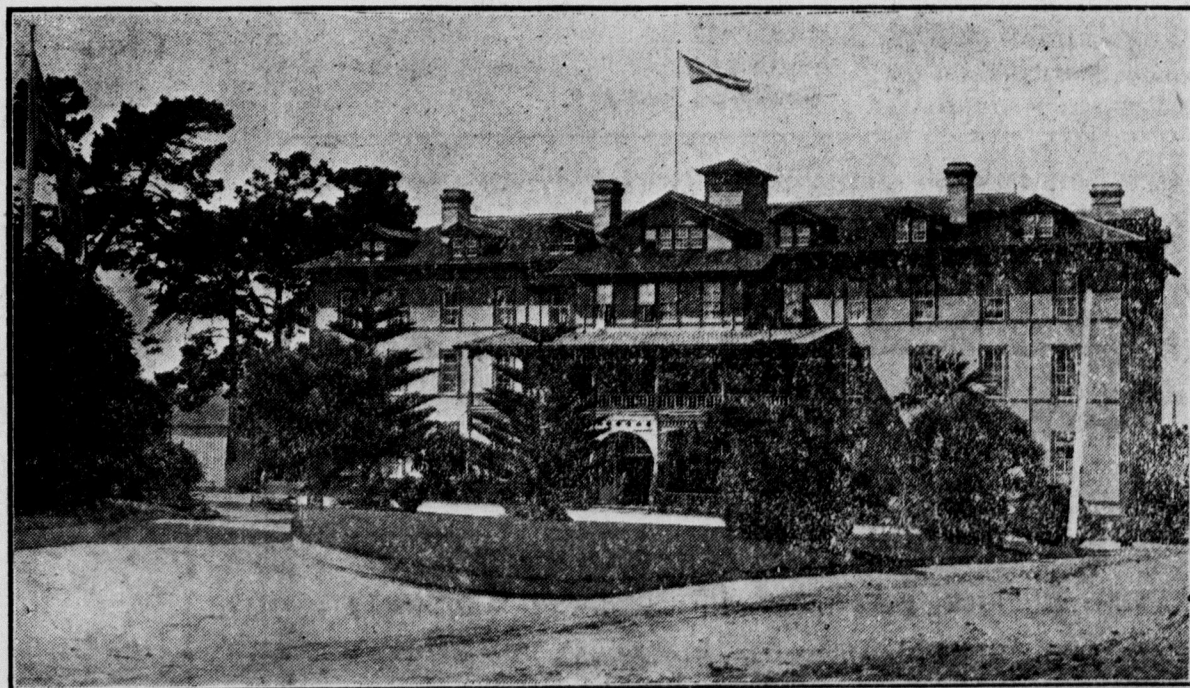

### Linden Park Opening

On Saturday evening, May 18th, Linden Park will be formerly opened under the management of Moore and Yunker. There will be dancing, general amusement and refreshments. All are cordially invited to participate in the festivities. Come and enjoy yourself—It will cost you nothing.

### The Great American Hen.

Some one has figured that the American hen each year earns enough to buy all the silver and gold dug out of the mines, all the sheep in the country and their wool, and leave a balance equal to the entire year's crop of rye, barley, buckwheat and potatoes. Or, as a hen enthusiast writes, "she pays interest on all the farm mortgages, pays the entire State and county taxes of the whole Union and then leaves a balance large enough to give every man, woman and child in the United States a dollar."

Luttrell, of the "Majestic," is to be commended upon his elegant new electric sign. He has set the pace and it is to be hoped that the rest of the progressive business men will fall in line.

John McBain, of Menlo Park, has a building contract in San Jose and employs men from his home town. ## JAMES ARNOLD'S FRIENDS TO AID

Man who Broke into the Home of Mrs. Kelley Regains His Mind.—Crazed by Drink Commits Act.

Many friends of James Arnold, the young man who broke into the home of Mrs. Kelley on April 25, have come to his aid during the past few days and a different light has been thrown upon the whole subject by evidence they have been able to give. It now seems as though the young man had wandered into this county while crazed by drink and it was not until this week that he regained his senses and was able to give a clear account of himself.

His father was immediately communicated with and that gentleman with several friends of the young man are now here and will do their utmost to have the case dismissed. When the young man was found in Mrs. Kelley's home he showed no signs of violence and when questioned simply stated he had climbed through the window to take a bath.

## HAYWOOD TRIAL BEGINS AT BOISE

SECRETARY-TREASURER OF THE  
WESTERN FEDERATION OF  
MINERS IN COURT.

Mrs. Haywood Is Wheeled Into the  
Court Room, Accompanied by  
Her Two Daughters.

Boise, Idaho, May 10.—William D. Haywood, secretary-treasurer of the Western Federation of Miners, was placed on trial yesterday for complicity in the murder at Caldwell, Idaho, on December 30, 1905, of former Governor Frank Steunenberg.

Haywood was cheered by the presence of his wife, in court, who sat in an invalid chair near him, with their two daughters. The room was well filled with spectators.

The State's list of witnesses was presented, with the announcement that it might be necessary to call others later. Four veniremen were excused, two because they had interests on the range and no one to help them with their business, another because he is a Boise policeman, and still another on account of ill-health.

Three jurymen satisfactory to the prosecution are in the witness box. Nearly the entire day's session was taken up by the prosecution's examination of twelve veniremen.

A formidable array of counsel has been engaged by both the State and the defense to conduct the cases of the accused miners. In charge of the prosecution are James H. Hawley of this city, United States Senator W. E. Borah, County Attorney O. M. Vandyn and George Stone of Caldwell, especially employed to represent Canyon county, where the murder was committed. Representing the defendants are Messrs E. F. Richardson of Denver, Clarence S. Darrow of Chicago, Edgar L. Wilson of Boise, a former law partner of Judge Wood, John F. Nugent of Boise and Frederick Miller of Spokane, Wash.

Haywood is one of the four defendants charged with the murder of Governor Steunenberg. The others are Charles H. Moyer, president of the federation; George A. Pettibone, a former member of the Executive Committee of the federation, and Harry Orchard. The last named is expected to be the most important witness for the State against Haywood, Moyer and Pettibone. He is said to have made a confession, and it has been the task of the prosecution to endeavor to corroborate this confession wherever possible. The fact that Haywood's case is the first called for trial is regarded as indicating that the prosecuting attorneys believe their strongest evidence is against the secretary-treasurer of the federation. The outcome of his case will determine the action to be taken with regard to Moyer and Pettibone. Should there be a conviction of Haywood, Moyer and Pettibone will be called for trial in the order named. On the other hand, an acquittal of Haywood undoubtedly would mean an abandonment of the cases against the other accused officers of the miners' organization.

Orchard will not be tried until all of the other cases are disposed of. It is said that the evidence against him is so strong that he cannot hope for other than conviction of murder in the first degree, regardless of the verdicts upon the indictments against Haywood, Moyer and Pettibone. Orchard, it is said, has not been promised any degree of clemency whatever in giving evidence for the State. Having admitted his active part in the heinous crime of blowing the former Governor of Idaho to pieces with a bomb at the gate of his residence, Orchard will unquestionably have to pay the capital penalty for his confessed crime.

Warrants were sworn out by Governor Gooding formally charging Moyer, Haywood and Pettibone with the murder of Steunenberg. The Governor of Colorado secretly honored a requisition and they were secretly arrested and in the darkness

## ENGINEER WAS KILLED

ENGINE CRASHES INTO REAR OF  
TRAIN, WHICH WAS OB-  
SCURED BY SMOKE.

Cincinnati, O., May 10.—One man was killed, one fatally and two others seriously injured in a rear-end collision at Jones station, seven miles south of Hamilton yesterday. An engine was following passenger train No. 1 on the Cincinnati, Hamilton & Dayton Railroad and the heavy smoke prevented the engineer seeing the train, into the rear of which the engine crashed.

Engineer King of Ivordale, who was making his second trip as engineer, was instantly killed and John Sullivan of Hamilton, superintendent of tracks, probably fatally injured.

Jacob Reister, agent of the road at Ivordale, suffered serious internal injuries, and Thomas Kirk of Jones' station, had two ribs broken. No passengers were hurt.

Chicago, May 10.—Suburban passenger train No. 114 on the Burlington Railroad, running between Aurora, Ill., and Chicago, was wrecked last night near Lawndale, six miles from the city, and twenty passengers were hurt and it is reported several were killed.

The train was running at high speed when the engine struck a broken rail and leaped from the track. It dragged the baggage car and one coach with it and all three rolled down a small embankment. The other five coaches remained on the track.

## ADD MILLIONS TO CAPITAL STOCK

NEW STOCK ISSUE OF UNION AND  
SOUTHERN PACIFIC STAG-  
GERS WALL STREET.

\$111,000,000 Added to Harriman  
Capital and \$60,000,000 Addi-  
tional May Be Raised.

New York, May 10.—The Harriman directors yesterday added \$111,000,000 to the floating capitalization of the Southern Pacific systems, with a possibility of \$60,000,000 more. Although Wall Street has been fully informed of the coming announcement the actual news seemed to take the stock market by surprise and a break of eight points in Union Pacific was the first result. Statements by E. H. Harriman showing the tremendous earning power of the two railroads allayed the general alarm, and the stock market was steadied before the close.

The new issues are in the shape of \$36,000,000 of Southern Pacific preferred to be sold at par, \$75,000,000 of 4-per cent convertible debenture bonds of Union Pacific to be exchanged for common stock at 175 in three to five years. To provide for this conversion \$100,000,000 of new common stock will be authorized. As the conversion will consume about \$40,000,000 of this the Union Pacific will be left with about \$60,000,000 of common stock, which it can issue at will.

## Raisin Trust Out of Business.

Fresno, Cal., May 10.—The raisin combine of Fresno county, the Pacific Coast Seeded Raisin Company, has reorganized and rearranged its methods of doing business so as to comply with the Cartwright Anti-trust law. Heretofore the company fixed the price of seeded raisins and no member was permitted to sell except at the price named. With the control of the seeding patents it was proposed absolutely to control the seeded market.

According to an announcement just issued the combine of five large firms in the State exists no longer to control the market. The Pacific Coast is in the business simply for manufacturing seeded raisins, charging a manufacturing price. Each member will sell at whatever figure he chooses.

## Ruef Dropped From Mailing List.

San Francisco, May 10.—Abraham Ruef, under indictment in this city for extortion, and secretary of the class of 1883 of the State University will not officially know in the future of the happenings at the University of California. The class secretaries are informed monthly by the university authorities of events of interest at the State institution, but Ruef has been dropped from the mailing list.

The authorities say they object to sending him mail addressed in care of Elisor W. J. Biggy. Whether the class will appoint another secretary in place of Ruef is not known.

## Much Farm Produce Burned.

Porterville, Cal., May 10.—Hundreds of tons of farm produce in this section are being burned by farmers in order to clear off the ground for the next crop. Farm help is not to be had at any price. Hundreds of men could find ready employment here at high wages. Oranges have been allowed to waste because of lack of transportation facilities to the nearest railroad station.

New York, May 10.—Maybelle Gilman, it is learned, does not intend to abandon her stage career when she becomes Mrs. William Ellis Corey. She will not appear in public for a year at least, but she expects ultimately to play for charity, both in this city and in Paris. Corey is said to be in full sympathy with his promised bride on this point.

## DRUG TRUST DEFEATED

FEDERAL COURT PUTS A STOP  
TO BLACKLISTING CUT-  
RATE DRUGGISTS.

Indianapolis, Ind., May 10.—The so-called "Drug Trust" was perpetually enjoined today from continuing its operations by the decree in the United States Court in the District of Indiana, upon the complaint of the United States Government, filed by Joseph B. Keating, United States District Attorney.

The defendants, ninety-two in number, who are the members, directors, agents and attorneys of the national association of retail druggists' association, tripartite proprietors, "blacklist manufacturers," direct contract proprietors, wholesale contract proprietors and Charles C. Baumbaugh are perpetually enjoined from combining and conspiring to restrain the sale of drugs, fix prices by agreement, blacklist retailers who cut prices, or refuse to sell any retailer on equal terms. All publication of blacklists is forbidden and all contracts and agreements covered by the charges are declared void.

The direct contract serial is prohibited as well as the securing of the adoption of schedules for the sale of drugs.

Charles C. Baumbaugh is charged in the bill of complaint with being engaged in printing and circulating black lists which contained the names of druggists throughout the country who sold proprietary articles and medicines at prices less than those which the alleged combination ordered. As charged, he would send a list of price-cutters each month to every retail and wholesale druggist in the United States who belonged to the association and as a result of this, these "aggressive cutters," as they were called, could not buy goods.

It was further charged that those accused of cutting prices on proprietary medicines were unable to purchase any kind of drugs from the members of the several associations. All such practices are perpetually enjoined.

The decree entered today was dictated by the Government attorneys and agreed to by the defendants. With the entering of the decrees, the litigation came to an end with a complete victory for the Government.

## President's Against Bouts.

Some unpleasant notoriety attaches to these bouts, and it said that the President will frown on these contests in the future.

## BURGLAR WAS SYMPATHETIC

MASKED THUG OVERCOME WHEN  
TOLD OF DEATH IN HOME  
HE WAS RANSACKING.

Meets Distracted Father in a Room  
and Orders Him to Hand Over  
All His Valuables.

Pittsburg, Pa., May 10.—With his baby lying dead in one room and his wife ill unto death in another, W. W. Waitneight, a well-to-do citizen of Bellevue, the fashionable Pittsburg suburb, this morning encountered a burglar in one of his upper halls. Mr. Waitneight had not had much sleep for a week, but he became wide awake when he looked into the muzzle of a big revolver held by a masked man who told him to throw up his hands.

"Be quiet, please," said Mr. Waitneight, as his hands flew up. "My baby is dead in the house, and my wife is seriously ill. She is sleeping now. Any excitement would kill her also."

"What's that, baby dead?" came from behind the mask in the gloom of the hall. "You are not stringing me?"

"No," said Mr. Waitneight with a sob. "My wife may die if she is awakened now. Take everything you find, only get it quick and go before any one sees you or gives the alarm."

"If that is so," said the burglar with a tremor in his voice, "I am very sorry for you, and you have my sympathy. Had I known I would have selected another house. Here is the watch I took from your pocket. I will restore the other articles as I go along. Well, good-by, as I must be about my business," he said and left.

The burglar had gained entrance by turning and forcing out a key that had been left in the kitchen door after it had been locked for the night. After making an inspection of the rooms on the first floor he went to the second floor, where he encountered the man of the house.

Mr. Waitneight reported the matter to the police, but asked that no special pains be taken to get the burglar with a heart.

## A CLEVER BUNCO GAME.

Impersonate Court Officials and Give  
Decision in Plaintiff's Favor.

Marietta, O., May 10.—One of the boldest bunco games ever played in this city developed when Horace and Edward Napier of Burlington, Iowa, complained that they had been robbed in the Common Pleas Court by persons representing themselves to be the judge of that court, the sheriff and a prominent lawyer.

The Iowans were here to foreclose a mortgage on a farm of their grandfather and were approached by a stranger who said he was an attorney. They went to the court room, stated the case before the supposed judge, who rendered judgment and ordered the supposed sheriff to issue an execution. They charged \$50 for their services, which was gladly paid by the victims.

## Lynchers Are Indicted.

South McAlester, I. T., May 10.—The Grand Jury in the United States Court here yesterday returned indictments charging J. H. Newman and John Williams of Durant, Thos. Lawrence of Sterrett, and Seymour Tale of Texas with murder. They are charged with being the leaders of a mob which hanged a negro, James Williams, charged with attacking a white girl at Sterrett on March 21.

## Emigrants Rescued From Wreck.

Montevideo, May 10.—An official report from the Government authorities on the spot says that all the passengers, mostly Spanish emigrants, of the French steamer Poitou, wrecked off San Jose de Ignacio, were rescued, with the exception of thirteen. Seven of these are known to have been drowned, and six are classed as missing.

## FRATERNAL ORDERS

## F. O. E.

The memorial services, conducted by South City Aerie, No. 1473, Fraternal Order of Eagles, in Metropolitan Hall Sunday last was a decided success. The street cars failing to run prevented many from attending, who otherwise would have been present. The Quartette also failed to put in an appearance for the same reason. Nevertheless it was an interesting service. The opening address, according to ritual, was given by Worthy President Thomas Mason; the prayer by Worthy Chaplain Harry Styles; the reason for assembling by Junior Past President Harry Edwards; the roll call by Worthy Secretary T. C. McGovern, answered by Worthy Conductor C. Iago.

The orator of the day, Bro. J. J. Bullock, District Attorney of San Mateo County, took for his subject "Memorial Day," his address, forceful, logical, eloquent, and breathing the spirit of fraternalism, was listened to with marked attention and evident appreciation.

Miss J. Miner recited "Thanatopsis" in a splendid manner. The young lady never appeared to better advantage, nor was a more perfect rendition ever listened to by a South City audience.

Bro. Jos. Nash, County Clerk of San Mateo County, delivered the eulogy in language befitting the occasion. He spoke of the departed Bro. Speechley, who had been cared for in sickness and reverently placed in a perpetually-cared-for grave in Greenwood Cemetery, Spokane, Washington, by the brothers of Aerie No. 2 of that city.

Bro. Harry Edwards being called upon, referred to the deceased brother and the affection in which he was held by members of South City Aerie.

Rev. R. J. Craig, pastor of the M. E. Church, pronounced the benediction. Master Kenneth Loomis presided at the organ.

The stage was beautifully decorated. A splendid floral piece, the gift of Mr. and Mrs. Frank Lawlor, on which was inscribed "Rest, Brother," occupied a position directly in front of the audience. At the back of the platform hung the Charter of the local Aerie draped in black. Thus the first memorial service in South City became a memory to the honor of the Fraternal Order of Eagles.

## I. O. R. M.

Tippecanoe Tribe, No. 111, Improved Order of Redmen, initiated two pale faces into their ancient mysteries Thursday last. A committee was also appointed to unite with the committee from other Orders for the purpose of celebrating the Fourth of July in South City. Applications for membership were received, with many more in sight, giving proof that the fraternal Orders are far from losing their grip, but that the principles of freedom, friendship and charity are taking a firm hold in the soil of South City.

The dance given by Wahnitia Council, I. O. R. M., Degree of Pocohantas, Saturday evening last was a decided success socially and financially. The Council also accepted four new candidates at its last meeting. The members are enthusiastic over the Fourth of July celebration and are determined to do their utmost to make it a success.

The school flag at half mast proclaimed to the community on Thursday morning the death of G. P. Hartley, the best-known educator in San Mateo County. Recollections of a Dollar.

I am a dollar. A little age-worn, maybe, but still in circulation. I am proud of myself for being in circulation. I am no tomato can dollar—not I.

This town is only my adopted home, but I like it and hope to remain permanently. When I came out of the mint I was adopted into a town like this in another State. But after a time I was sent off to a big city many miles away. I turned up in a mail order house. For several years I stayed in that city. Millionaires bought cigars with me. I didn't like that for I believe in the plain people. Finally a traveling man brought me to this town and left me here. I was so glad to get back to a smaller town that I determined to make a desperate effort to stay. One day a citizen of this town was about to send me back to that big city. He was looking over a mail order catalogue. Suddenly I found my voice and said to him—he was a doctor, by the way:

"Now, look here, doc. If you'll let me stay here in this town I'll circulate around and do you lots of good. You buy a beefsteak with me and the butcher will buy groceries, and the dry goods merchant will pay his doctor bill with me, and the doctor will spend me with a farmer for oats to feed his buggy horse, and the farmer will buy some beef from the butcher, and the butcher will come around to you and get his tooth mended. run, you see, I'll be more useful to you here at home than if you'd send me away forever."

Doc said that it was a mighty stiff argument. He hadn't looked at it in that light before. So he went and got the big beefsteak, and I began to circulate around home again.

## EARTHQUAKE AT SEA.

French Fishermen See Bright Flames and Smoke Rise from the Water.

Lorient, France, May 10.—Several trawlers came in here yesterday, reporting an extraordinary phenomenon at sea, which would appear to have been a submarine volcanic eruption. The occurrence took place at a point forty-four miles southwest of the island of Croix and sixty miles west of Belle Isle. The men on board the trawlers noticed bright flames and intense smoke rising from the sea. Believing that some vessel was on fire, the trawler Kernevel worked her way in that direction for the purpose of rendering assistance. She could, however, discover no ship on fire. The fire and smoke, from no apparent cause, continued throughout the night, and becoming more violent toward morning, the Kernevel steamed away to insure her own safety.

Gates Still in the Game.

New York, May 10.—John W. Gates is already altering his resolution to keep away from the stock market, according to a report vouched for by a number of brokers today. Gates, it is said, will have office room in a brokerage house which has taken over one of the branch offices of Charles G. Gates & Co., and has notified members of the house that he will be on hand September 1st. He has decided to cut down his European trip. It is expected the familiar phrase, "Gates is buying," will be seen on the financial bulletin soon again.

Rome, May 10.—The excavations now being carried on, on Palantine Hill, resulted yesterday in the discovery of the ruins of a church of the fifth century. This building originally was a private chapel used by the first Christian Emperors of Rome. After moving to Constantinople the Emperors continued sending sacred images to the chapel. The church was dedicated to St. Cesario, Popes Sergius I and Eugene III were elected in the building.
